Dear Parents and Carers

RE: Lateral Flow tests

The health and wellbeing of the children, staff and parents at St Anne's school is paramount. As a school, we have ensured that we follow government and local authority guidelines in order for us to keep the school running as close to 'normal' as possible. Thank you to all our parents and carers that have followed advice by testing their children and for informing school of any positive cases. We really appreciate your support.

I am disappointed however to hear that some members of our school community feel that testing their child does not apply to them. I would be very grateful if you could rethink this decision. I do not want to have to close classes or the school because parents have chosen not to follow guidelines.

If you have any concerns then perhaps raise them with Welsh government rather than inflicting your views on others.

I have taken my concerns to the local authority and the Chair of Governors.

Yours sincerely

Mrs Priest-Jones
