

Wales in Bloom 2023

As part of the 2023 Wales in Bloom campaign we are encouraging as many children and groups to participate. This year we are launching our Floral Display campaign. We are asking schools and groups to make a floral display to be made out of recycled materials, and displayed in as many shop windows as we can. The displays should be no bigger than 30cm x 30cm. The displays can be a bouquet, a wreath, a flower pot with flowers just use your imagination. All entrants need to be with us by the 19th June to allow us to get them into the shops before the Wales in Bloom judging takes place on the 11th July. Once your displays are ready just contact us and we can pick them up from you.

Once the displays have been made we would like shops to place them in their window from the 26th June until the 14th August. This will form a floral trail for children and families to follow encouraging them to visit the City Centre and to join in with our Wales in Bloom campaign. All filled in entrants will be put in a hat and three winners will be drawn out.

For further information on how you can get involved in the campaign please contact Nicola Ellis on 01978 729638 or e-mail Nicola.ellis@wrexham.gov.uk.

We would ideally like as many children and groups to get involved as possible.

Thanks for your co-operation
