As qualified healthcare professionals, Pharmacists are experts in medicine and can help you with minor health concerns.

Pharmacies throughout Wales offer a Common Ailments Service, funded by NHS Wales. This service is free of charge to patients and offers a consultation and where appropriate, medication for common ailments that cannot be managed by self-care alone, offering an alternative to making an appointment with the GP or an out-of-hours doctor.

The conditions are:

- Acne
- Diarrhoea
- Nappy rash
- Athletes Foot
- Dry Eye
- Oral thrush
- Backache (acute, lower)
- Haemorrhoids (piles)
- Ringworm and Intertrigo
- Chickenpox (in children under 14)
- Hayfever
- Scabies
- Cold sores (advice and self care only)
- Head Lice
- Sore throat (children over 6)
- Colic (infantile)
- Indigestion
- Teething
- Conjunctivitis (bacterial)
- Threadworm
- Constipation
- Ingrowing toenail (advice and self care only)
- Vaginal thrush
- Dermatitis (dry skin)
- Mouth Ulcers
- Verruca
- Urinary Tract Infection (non pregnant women- aged between 16 and 64)
