

Schools Environmental Award.

A group of our children, accompanied by Mrs Stephens, Mrs Blackwell and Mrs Griffiths, were again invited to attend Caia Park Environmental Group awards evening.

The children were fantastic ambassadors for St Anne's and, for the third consecutive year, were delighted to accept an award on behalf of the whole school...first prize for "Best School Grounds 2025!" Our children also accepted the awards for 1st, 2nd and 3rd place in the "Mini Tray Garden" competition!

This is an outstanding result, a big thank you to the whole school for all their hard work and dedication in making our school grounds a greener, more eco-friendly environment.
